

(A.O.13)-Monster of Monsters, The

(Danger Level: 10+)(World Ending)

Containment Procedure:

Maintain watch over all those of which A.O.13 has possessed. Make sure that they only interact with others who are possessed and potentially those whom are labeled as unable to be possessed. Prevent spread, that is the main goal.

Description:

The Monster of Monsters (A.O.13) is a mental virus which quickly spreads from person to person, through the exchange of culture and life practices. Many of those whom are possessed by A.O.13 constantly verbally exchange the phrase “Uwu”, which helps identify each possessed member as one of their own. They follow a culture mostly of the Japanese motion picture drawing style known as “Anime”

Notes:

- There are no recorded cases of being cured of A.O.13

Incidents:

- Incident (A.O.13)-1: A.O.13 began to spread after the global event known as World War Two. It only became an issue when it began to create tears in the social structure of America.
 - Researcher Lux: “If the ethics committee did not exist, we could end A.O.13 very quickly.”
